- 5. Consideration and possible action related to proposed regulatory language to amend Title 16, CCR Section 4130, Fees.

This agenda item was addressed out of order during Day 1 proceedings in order to accommodate public comment.

Executive Officer Heather Martin reported that the public comment period for this proposed regulatory language closed on May 9, 2016. Ms. Martin scheduled and attended hearings at

five locations throughout California in order to offer interested parties an opportunity to weigh in on the proposed language.

Ms. Martin reviewed the fund conditions and charts supplied in the meeting materials.

Teresa Davies asked Ms. Martin if during her outreach meetings she provided context to the public regarding the fees being changed; outlining that the last change was actually a fee reduction and that the proposed increase is incremental when you take in to consideration that previously the fees were \$150 every year. Ms. Martin confirmed that she did report this information during her outreach.

Vice President Richard Bookwalter stated that he was surprised and disappointed at the letter sent by the Occupational Therapy Association of California (OTAC), requesting a review of the Board's budget and other information which led to this proposed increase. Mr. Bookwalter stated that this information has been in the meeting materials and was offered at all five of the hearings held by Executive Officer Heather Martin and OTAC did not attend any of them.

Jeff Ferro stated that increasing the minimum education level to become an occupational therapist from the Master's level to the Doctorate level will keep more people out of the profession than a small fee increase. Mr. Ferro stated that the reality of this situation is that this fee increase is what will strengthen the Board and the profession.

Board President Denise Miller expressed that her original concerns in raising fees were due in part to the public relations issues that would ensue. Ms. Miller stated that after reading the data prepared and made available at the five hearing locations, she no longer had concerns and it was clear that the Board should proceed with raising the fees.

Board Secretary Sharon Pavlovich thanked Ms. Martin for all her time and effort. The remaining Board members concurred.

Public Comment and Board responses to comments received during regulatory hearings.

April 19, 2016

Comment #1 – Occupational Therapy Assistants should pay the same amount as Occupational Therapists

The Board rejected this comment. The Board stated they appreciated the point of view but recognized the wage disparity between OTs and OTAs.

Comment #2 – No separate limited permit fee, just a large one-time fee.

The Board rejected this comment.

Comment #3 – Increasing the delinquent renewal fee.

The Board rejected this comment. The Board appreciated the input but felt the proposed delinquent fee is sufficient as the it is intended to be disincentive to renew late, but isn't a reliable source of revenue.

Comment #4 – Implementing probation monitoring fees.

The Board rejected this comment because it would require a legislative proposal. The Board asked Executive Officer, Heather Martin to bring back what other Boards do.

Comment #5 – Support for raising the fees.

The Board accepted this comment.

Public Comment

Judi Palladino, spoke on behalf of OTAC and stated she understood the Board's concern regarding the lack of participation in the hearings. Nonetheless she was asked to deliver the written concern submitted by OTAC and their wish for consideration of an incremental fee increase.

Jeff Ferro stated that if future research reflects that the Board will still not be fiscally solvent, there may be a second fee increase. Mr. Ferro reported that the current proposal was a compromise from a higher proposal.

Executive Officer Heather Martin stated that she sent an email response to OTAC representatives outlining the budget details that support the need for a fee increase.

Board Legal Counsel Ileana Butu reported that the proposed delinquent fee and active renewal fees are acceptable; however, there is a specific provision in the Business and Professions code that pertains to all Healing Arts boards requiring the inactive fee must be equivalent to the active fee. Ms. Butu recommended the Board implement this change.

Ms. Martin suggested a teleconference meeting be scheduled for July so that she could bring proposals including this new information regarding the inactive fee increase and how it pertains to the fee increase proposals as well as updates to the legislation the Board directed staff to watch. The Board members agreed with Ms. Martin's teleconference proposal.

Board responses to written public comments received from OTAC and AOTA.

The Board rejected both comments and directed Ms. Martin to respond to OTAC and AOTA, advising that the data supporting the need for a fee increase was made available at regulatory hearings outreach scheduled throughout the state and in Board meeting materials made public on the Boards' website and advise OTAC that their comments were received after the public comment period closed. The Board asked that Ms. Martin also mentioned the growing OT/OTA licensing population which in turn leads to a growing need for increased enforcement efforts and funds.

- ❖ Jeff Ferro moved to accept the comments that the Board unanimously agreed to accept and to reject the comments that the Board unanimously agreed to reject.
- ❖ Sharon Pavlovich seconded the motion.

Vice President Richard Bookwalter said that it would be difficult to impose the time limits and make time based decisions.

Teresa Davies said that unless there is a clear reason to deviate from the memorandum, the Board should leave it alone.
