Sex Crimes: Professional Services
Fact Sheet

Summary: This ensures that perpetrators can be punished proportionally for sexual battery and other sexual offenses that they commit during the course of a professional service. The punishment will apply when the victim is conscious of the nature of the act, consent is not given or obtained fraudulently, and the conduct is not related to the professional service.

Background: There is a loophole in existing law which often allows providers of certain professional services (i.e., physical therapists, massage therapists, chiropractors) to escape appropriate punishment for rape and other serious sexual offenses. Under current law, providers of specified professional services who sexually assault their clients during the course of physical therapy, massages, chiropractic care or similar treatment sessions can generally be charged with a felony sex crime only if force was used, consent was obtained fraudulently, or if the victim was unconscious or restrained.

Unfortunately, if a provider commits a sexual act (including rape, sexual penetration and oral copulation) simply against the victim's will and without his or her consent, the offense is punishable only as a misdemeanor sexual battery.

Current laws that punish rape (and other sex crimes) by fraud are very limited. Fraud is generally considered obtaining the victim's consent by fraud. But in many cases, consent is never obtained (fraudulently or otherwise). The perpetrator just commits the sexual assault while the victim is in a vulnerable position – such as being undressed and alone in an exam room or atop a massage table – and during the course of treatment.

For example, if a woman was receiving a massage and a therapist began to touch other parts of her body (including her vagina) without asking for permission, that conduct can only be prosecuted as a misdemeanor sexual battery under current law. This legal limitation would apply equally to very serious sexual misconduct, including rape, sexual penetration and oral copulation.

Problem: As a result of the flaws in existing law, some individuals who have clearly crossed the line in committing sexual assaults – including rape -- can only be charged with less serious misdemeanor crimes.

Solution: AB 2078 will ensure that perpetrators are properly punished by:

- Increasing the penalty to an alternate felony-misdemeanor for the crime of sexual battery committed by a provider of professional services that entails having access to another person's body, who touches an intimate part of that person while performing those services, and the touching is against

(2/9/18)

the will of the person touched and for the specific purpose of sexual arousal, sexual gratification, or sexual abuse.

- Expanding the definitions of the crimes of rape, sodomy, oral copulation, and sexual penetration to include when any of those acts are performed against a victim's will by a person while that person is performing professional services that entail having access to the victim's body.

People with developmental disabilities are victimized by very high rates of sexual offenses, often committed by caregivers. AB 2078 will help assure that professionals who commit these heinous offenses will be arrested and convicted.

CALIFORNIA LEGISLATURE— 2017-2018 REGULAR SESSION

ASSEMBLY BILL

No. 2078

Introduced by Assembly Member Daly

February 07, 2018

An act to amend Sections 243.4, 261, 286, 288a, and 289 of the Penal Code, relating to sex offenses.

LEGISLATIVE COUNSEL'S DIGEST

AB 2078, as introduced, Daly. Sex offenses: professional services.

Under existing law, a person who touches an intimate part of another person for the purpose of sexual arousal, sexual gratification, or sexual abuse, and the victim is at the time unconscious of the nature of the act because the perpetrator fraudulently represented that the touching served a professional purpose, is guilty of sexual battery punishable by imprisonment in a county jail for not more than one year or in the state prison for 2, 3, or 4 years, and a fine not to exceed \$10,000. Under existing law, the crimes of rape, sodomy, oral copulation, and sexual penetration, when the victim was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraudulent representation that the sexual penetration or oral copulation served a professional purpose, are punishable by imprisonment in the state prison for 3, 6, or 8 years.

This bill would expand the crime of sexual battery to apply to a person who performs professional services that entail having access to another person's body and who touches an intimate part of that person's body while performing those services, and the touching was against the person's will and for the purpose of sexual arousal, sexual gratification, or sexual abuse. The bill would expand the definitions of each of the crimes of rape, sodomy, oral copulation, and sexual penetration to include any of those crimes performed against a victim's will by a professional whose services entail having access to the victim's body, if the conduct is performed by the professional while performing those services. By expanding the scope of these crimes, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

SEC. 2. Section 261 of the Penal Code is amended to read:

261. (a) Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under any of the following circumstances:

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person's will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, "unconscious of the nature of the act" means incapable of resisting because the victim meets any one of the following conditions:

(A) Was unconscious or asleep.

(B) Was not aware, knowing, perceiving, or cognizant that the act occurred.

(C) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraud in fact.

(D) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator's fraudulent representation that the sexual penetration served a professional purpose when it served no professional purpose.

(5) Where a person submits under the belief that the person committing the act is someone known to the victim other than the accused, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

As used in this paragraph, "public official" means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) As used in this section, "duress" means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in an act to which one otherwise would not have submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.

SEC. 3. Section 286 of the Penal Code is amended to read:

286. (a) Sodomy is sexual conduct consisting of contact between the penis of one person and the anus of another person. Any sexual penetration, however slight, is sufficient to complete the crime of sodomy.

(d) (1) Any person who, while voluntarily acting in concert with another person, either personally or aiding and abetting that other person, commits an act of sodomy when the act is accomplished against the victim's will by means of force or fear of immediate and unlawful bodily injury on the victim or another person or where the act

ASSEMBLY BILL 2138 (CHIU & LOW)

REDUCING BARRIERS TO OCCUPATIONAL LICENSING

SUMMARY

Reduces barriers to entry in occupational licensure for individuals with a prior conviction applying for licensure through the Department of Consumer Affairs (DCA).

BACKGROUND

In California, an estimated 7,955,500 people – approximately 1 in 3 adults – have arrest or conviction records. California has among the highest recidivism rates in the nation, with many low-level criminal offenders committing new crimes within a year of release. These factors play a significant role in the prison and jail overcrowding crisis that the Legislature has spent the past decade attempting to address.

One of the root causes of high recidivism rates is the inability of prior offenders to secure gainful employment upon reentry. Like all Californians, access to a stable income is critical for these 8 million individuals with a prior conviction to support their families and communities.

California has already adopted strong policies that break down obstacles for previously incarcerated individuals to access jobs in the private sector, including “ban the box” laws. Nevertheless, there continue to be barriers to employment for Californians with prior convictions.

Nearly 30 percent of California jobs require licensure, certification, or clearance by an oversight board or agency for approximately 1,773 different occupations.

All too often, qualified people are denied occupational licenses or have licenses revoked or suspended on the basis of prior arrests or convictions, many of which are old, unrelated to the job, or have been judicially dismissed.

Even individuals who receive job-specific training while incarcerated are kept out of these occupations by licensing barriers.

It is in the interest of public safety to assist in the rehabilitation of criminal offenders by removing impediments and restrictions upon their ability to obtain employment.

THE SOLUTION

Alleviating barriers to occupational licensure is just one way California can reduce recidivism and provide economic opportunity to all its residents.

AB 2138 will increase access to licensure by applying reforms to the Department of Consumer Affairs (DCA).

Specifically, AB 2138:

- Prohibits denial or revocation/suspension of a license on the basis of a non-violent conviction older than 5 years, a conviction that has been dismissed, or a non-conviction “act” unless it is directly related to the qualifications, functions, or duties of the business or profession for which application is made.
- Prohibits boards from requiring an applicant to self-disclose criminal history information that can already be obtained through DOJ background checks.
- Requires boards to collect and publish demographic data regarding applicants who are denied licensure or who have licenses revoked/suspended.

California must continue to increase public safety and economic prosperity for all Californians by adopting policies that reduce barriers to economic opportunity for formerly incarcerated individuals.

AMENDED IN ASSEMBLY APRIL 02, 2018

CALIFORNIA LEGISLATURE— 2017-2018 REGULAR SESSION

ASSEMBLY BILL**No. 2138****Introduced by Assembly Members Chiu and Low****February 12, 2018**

An act to amend ~~Sections 480 and~~ Sections 7.5, 480, 481, 482, 488, 490, 492, 493, 1005, and 11345.2 of of, to add Section 481.5 to, and to repeal Section 490.5 of, the Business and Professions Code, relating to professions and vocations.

LEGISLATIVE COUNSEL'S DIGEST

AB 2138, as amended, Chiu. Licensing boards: denial of application: *revocation or suspension of licensure: criminal conviction.*

Existing law provides for the licensure and regulation of various professions and vocations by boards within the Department of Consumer Affairs and Affairs. Existing law authorizes a board to ~~deny~~ deny, suspend, or revoke a license or take disciplinary action against a licensee on the grounds that the applicant or licensee has, among other things, been convicted of a crime, as specified. Existing law provides that a person shall not be denied a license solely on the basis that the person has been convicted of a felony if he or she has obtained a certificate of rehabilitation or that the person has been convicted of a misdemeanor if he or she has met applicable requirements of rehabilitation developed by the board, as specified. Existing law also prohibits a person from being denied a license solely on the basis of a conviction that has been dismissed, as specified. Existing law requires a board to develop criteria to aid it when considering the denial, suspension, or revocation of a license to determine whether a crime is substantially related to the qualifications, functions, or duties of the business or profession the board regulates and requires a board to develop criteria to evaluate the rehabilitation of a person when considering the denial, suspension, or revocation of a license.

This bill would ~~instead prohibit a person from being denied a license solely on the basis that he or she has been convicted of a nonviolent crime and would make conforming changes.~~ revise and recast those provisions to instead authorize a board to, among other things, deny, revoke, or suspend a license on the grounds that the applicant or licensee has been convicted of a crime only if the applicant or licensee is presently incarcerated or if the conviction, as defined, occurred within the preceding 5 years, except for violent felonies, and would require the crime to be directly and adversely related to the qualifications, functions, or duties of the business or profession. The bill would prohibit a board from denying a person a license based on the conviction of a crime, or

on the basis of acts underlying a conviction for a crime, if the conviction has been dismissed or expunged, if the person has made a showing of rehabilitation, if the person has been granted clemency or a pardon, or if an arrest resulted in a disposition other than a conviction. The bill would provide that these provisions relating to denial, revocation, or suspension of a license would supersede contradictory provisions in specified existing law.

The bill would require the board to develop criteria for determining whether a crime is directly and adversely related to the qualifications, functions, or duties of the business or profession. The bill would require a board to find that a person has made a showing of rehabilitation if certain conditions are met. The bill would require a board to follow certain procedures when requesting or acting on an applicant's or licensee's criminal history information. The bill would also require a board to annually submit a report to the Legislature and post the report on its Internet Web site containing specified deidentified information regarding actions taken by a board based on an applicant or licensee's criminal history information.

Existing law authorizes a board to deny a license on the grounds that an applicant knowingly made a false statement of fact that is required to be revealed in the application for licensure.

This bill would prohibit a board from denying a license based solely on an applicant's failure to disclose a fact that would not have been cause for denial of the license had the fact been disclosed.

Existing law authorizes a board to suspend a license if a licensee is not in compliance with a child support order or judgment.

This bill would repeal that authorization.

Existing law authorizes specified agencies to take disciplinary action against a licensee or deny a license for professional misconduct if the licensee has successfully completed certain diversion programs or alcohol and drug problem assessment programs.

This bill would instead prohibit a board from taking disciplinary action against a licensee or denying a license for professional misconduct if the licensee has successfully completed certain diversion programs or alcohol and drug problem assessment programs or deferred entry of judgment.

Existing law authorizes a board after a specified hearing requested by an applicant for licensure to take various actions, including imposing probationary conditions on the license.

This bill would additionally authorize a board to grant the license and immediately issue a public reproof. The bill would limit probationary terms or restrictions placed on a license by a board to 2 years or less and would authorize additional conditions to be imposed only if the board determines that there is clear and convincing evidence that additional conditions are necessary to address a risk shown by clear and convincing evidence. The bill would require a board to develop criteria to aid it in considering the imposition of probationary conditions and to determine what conditions may be imposed. The bill would authorize a licensee or registrant whose license or registration has been placed on probation to petition the board for a change to that probation one year from the effective date of the board's decision, would require the board to issue a decision on the petition within 90 days, and would deem the petition granted if the board does not file a decision denying the petition within 90 days.

This bill would also make necessary conforming changes.

488. Except as otherwise provided by law, following a hearing requested by an applicant pursuant to subdivision (b) of Section 485, the board may take any of the following actions:

(a) Grant the license effective upon completion of all licensing requirements by the applicant.

(b) Grant the license effective upon completion of all licensing requirements by the applicant, *grant the license and immediately issue a public reproof pursuant to Section 495*, immediately revoke the license, stay the revocation, and impose probationary conditions on the license, which may include suspension.

(c) Deny the license.

(d) Take other action in relation to denying or granting the license as the board in its discretion may deem proper.

SEC. 7. *Section 490 of the Business and Professions Code is amended to read:*

490. (a) (1) In addition to any other action that a board is permitted to take against a licensee, a board may suspend or revoke a license on the ground that the licensee has been convicted of a ~~crime, if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the license was issued.~~ *crime for which the applicant is presently incarcerated or for which the conviction occurred within the preceding five years. However, the preceding five year limitation shall not apply to a conviction for a violent felony, as defined in Section 667.5 of the Penal Code.*

(2) *The board may suspend or revoke a license pursuant to this subdivision only if the crime is directly and adversely related to the qualifications, functions, or duties of the business or profession for which application is made.*

(b) Notwithstanding any other provision of law, a board may exercise any authority to discipline a licensee for conviction of a crime that is independent of the authority granted under subdivision (a) only if ~~the both of the following are met:~~

An action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code.~~

~~(d) The Legislature hereby finds and declares that the application of this section has been made unclear by the holding in *Petropoulos v. Department of Real Estate* (2006) 142 Cal.App.4th 554, and that the holding in that case has placed a significant number of statutes and regulations in question, resulting in potential harm to the consumers of California from licensees who have been convicted of crimes. Therefore, the Legislature finds and declares that this section establishes an independent basis for a board to impose discipline upon a licensee, and that the amendments to this section made by Chapter 33 of the Statutes of 2008 do not constitute a change to, but rather are declaratory of, existing law.~~

(c) *Notwithstanding any other provision of this code, a board shall not suspend or revoke a license on the basis of a conviction, or of the acts underlying a conviction, where that conviction has been dismissed pursuant to Section 1203.4, 1203.4a, 1203.41, or 1203.42 of the Penal Code or a comparable dismissal or expungement.*

(d) *Notwithstanding any other provision of this code, a board shall not suspend or revoke a license on the basis of an arrest that resulted in a disposition other than a conviction, including an arrest that resulted in an infraction, citation, or juvenile adjudication.*

(e) *The board shall use the following procedures in requesting or acting on a licensee's criminal history information:*

(1) *A board shall not require a licensee to disclose any information or documentation regarding the licensee's criminal history.*

(2) *If a board chooses to file an accusation against a licensee based solely or in part on the licensee's conviction history, the board shall notify the licensee in writing of the processes for the licensee to request a copy of the*

licensee's complete conviction history and question the accuracy or completeness of his or her criminal record pursuant to Sections 11122 to 11127, inclusive, of the Penal Code.

(f) (1) For a minimum of three years, each board under this code shall retain all documents submitted by a licensee, notices provided to a licensee, all other communications received from or provided to a licensee, and criminal history reports of a licensee.

(2) Each board under this code shall retain all of the following information:

(D) The final disposition and demographic information, including, but not limited to, voluntarily provided information on race or gender, of any applicant described in subparagraph (A), (B), or (C).

(3) (A) Each board under this code shall annually make available to the public through the board's Internet Web site and through a report submitted to the appropriate policy committees of the Legislature deidentified information collected pursuant to this subdivision. Each board shall ensure the confidentiality of the individual licensees.

(B) A report pursuant to subparagraph (A) shall be submitted in compliance with Section 9795 of the Government Code.

(g) (1) This section supersedes any contradictory provision in a licensing act under this code or initiative act referred to in Division 2 (commencing with Section 500) that authorizes action based on a criminal conviction, arrest, or the acts underlying an arrest or conviction.

(2) This section shall not prohibit any agency from taking disciplinary action against a licensee for professional misconduct in the course and scope of the licensee's profession that is based on evidence that is independent of an arrest.

Occupational Therapy Practice Act

Fact Sheet

SUMMARY

AB 2221 will amend the Occupational Therapy Practice Act to reflect the modern-day needs of patients and the current services offered by occupational therapists and occupational therapy assistants.

EXISTING LAW

Occupational therapists' scope of practice is governed by The Occupational Therapy Practice Act in Business & Professions Code Sections 2570 – 2571, established by SB 1046 in 2000 by then-Governor Davis. The OT Practice Act regulates the approximately 16,000 licensed occupational therapy clinicians in California. The fundamental impetus for the Act was to establish licensure for OTs and occupational therapy assistants (OTAs) in order to ensure the highest level of consumer protection for OT patients.

THE ISSUE

The Occupational Therapy Practice Act was written 18 years ago. Since that time, the practice of occupational therapy has matured, patient needs have become more diverse, and healthcare reform has changed and broadened the services that are provided. This evolution in healthcare and occupational therapy services has resulted in the need to update the Occupational Therapy Practice Act.

SOLUTION - AB 2221

AB 2221 proposes to amend the Act to include the revision of outdated definitions, clarification of provisions related to advance practices, revision of continuing competence and coursework requirements, and language to clarify that occupational therapy supports functioning in people with or at risk of experiencing a range of mental health disorders.

OTs and OTAs work with people of all ages experiencing physical and mental health conditions or disabilities to develop, improve, or restore functional daily living skills, such as caring for oneself, managing a home, achieving independence in the community, driving, or returning to work. They are among the range of qualified providers who provide therapy services to individuals with physical conditions and mental illnesses to help them carry out necessary tasks.

AB 2221 will ensure that OTs are able to practice to the full extent of their education and training, which is especially critical as the state works to increase access to mental health care for those in need.

AMENDED IN ASSEMBLY MARCH 23, 2018

CALIFORNIA LEGISLATURE— 2017–2018 REGULAR SESSION

ASSEMBLY BILL

No. 2221

Introduced by Assembly Member Bloom

February 12, 2018

~~An act to amend Section 2570 of the Business and Professions Code, relating to occupational therapy.~~

An act to amend Sections 2570.1, 2570.2, 2570.3, 2570.6, 2570.7, 2570.10, 2570.14, 2570.18, 2570.185, 2570.20, 2570.28, 2570.29, and 2571 of the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 2221, as amended, Bloom. ~~Occupational Therapy Practice Act—Occupational therapy.~~

Existing law, the Occupational Therapy Practice Act, provides for the licensure and regulation of the practice of occupational therapy by the California Board of Occupational Therapy. Existing law defines the "practice of occupational therapy" and specifies that occupational therapy services encompass occupation therapy, assessment, treatment, education, and consultation with individuals referred for those services after diagnosis of a disease or disorder. Existing law prohibits a person from practicing occupational therapy without being licensed under the act and makes a violation of that prohibition a crime.

This bill would instead define "occupational therapy" for purposes of the act, and would make conforming changes. The bill would also eliminate the reference to a referral after diagnosis in the description of occupational therapy services. By expanding the scope of a crime, the bill would impose a state-mandated local program.

Existing law defines the term "occupational therapist" and specifies that only the occupational therapist is responsible for the occupational therapy assessment of a client and the development of an occupational therapy plan of treatment.

This bill would eliminate that limitation and instead specify that the occupational therapist directs the evaluation process and develops the intervention plan.

Existing law requires the occupational therapy board to ensure proper supervision of occupational therapy assistants and aides and allows an occupational therapist to supervise no more than 2 occupational therapy

assistants at any one time. Existing law provides for aides to be supervised by occupational therapists or occupational therapy assistants and defines the term "aide" for purposes of the act to mean an individual who provides supportive services to an occupational therapist.

This bill would increase the number of occupational therapy assistants an occupational therapist may supervise to 3. This bill would also revise the definition of "aide" to conform to the authority for an aide to also be supervised by an occupational therapy assistant. The bill would specify that the occupational therapist is responsible for the overall use and actions of the aide.

Existing law authorizes an occupational therapist to provide advanced practices if the therapist, among other things, has demonstrated to the board that he or she has met educational training and competency requirements.

This bill would require the therapist to attest to the board under penalty of perjury, rather than demonstrate to the satisfaction of the board, that he or she has met educational training and competency requirements. By expanding the crime of perjury, the bill would impose a state-mandated local program.

Existing law requires an occupational therapist providing hand therapy services or using physical agent modalities to demonstrate to the satisfaction of the board that he or she has completed post professional education and training in specified areas.

This bill would eliminate the post professional limitation.

Existing law requires an applicant for an occupational therapist license to, among other things, complete a specified educational program and pass a specified examination. Existing law requires the board to approve the examinations for licensure and also authorizes the board to adopt rules relating to professional conduct to carry out the purposes of the act. Existing law requires the curriculum for an educational program for occupational therapists to contain the content required or approved by specified organizations, and specifies a list of subjects that must be included in the program.

This bill would delete that list of subjects. The bill would also delete the requirement that the board approve licensure examinations and would authorize the board to adopt rules necessary to effectuate the purpose of the act.

Existing law authorizes the board to establish and require the satisfactory completion of continuing competency requirements as a condition of renewal of a license.

The bill would instead require the board to do so, and would authorize only a portion of continuing competence requirements to be fulfilled through competency assessment activities performed in the context of a broader professional development plan. The bill would also provide a definition for the term "continuing competence."

Existing law prohibits a person from using specified professional abbreviations and terms intended to represent that the person is authorized to practice occupational therapy or assist in the practice of occupational therapy unless the person is licensed to practice as an occupational therapist or occupational therapy assistant.

This bill would revise the list of abbreviations and terms that may not be used without a license. The bill would also delete provisions authorizing terms and abbreviations that may be used by a licensee who has earned a doctoral degree in occupational therapy or in a related area of practice or study.

The bill would replace references to "patient" with "client" throughout the act and would enact other related provisions.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

~~The Occupational Therapy Practice Act provides for the licensure and regulation of occupational therapists and occupational therapy assistants by the California Board of Occupational Therapy.~~

~~This bill would make a nonsubstantive change to this act.~~

DISTRICT 22

AB 3110: Athletic Training Practice Act

PURPOSE

AB 3110 creates the Athletic Training Practice Act, which licenses and regulates athletic trainers under the Athletic Trainer Licensing Committee (Committee) within the California Board of Occupational Therapy.

EXISTING LAW

Existing law provides for the licensure and regulation of various professions and vocations by boards, bureaus, and other entities within the California Department of Consumer Affairs. Current law makes it a crime for a healing arts licensee to disseminate or cause to be disseminated any form of public communication containing a false, fraudulent, misleading, or deceptive statement, claim, or image for the purpose of or likely to induce the rendering of professional services or furnishing of products in connection with the professional practice or business for which he or she is licensed.

BACKGROUND & PROBLEM

Athletic trainers are physical medicine and rehabilitation specialists who focus on the prevention, treatment, and rehabilitation of injuries. California is the only state that does not regulate the profession of athletic training. Fifteen universities in California, including seven CSUs, have nationally accredited athletic training education programs. However, anyone can still act as an athletic trainer. Approximately 30% of individuals calling themselves athletic trainers in high schools have not completed a university level athletic training program. This puts student athletes at risk, since the mistakes of unlicensed athletic trainers can lead to serious issues.

In several states, including Utah, Texas, Hawaii, and Massachusetts, it is illegal for unregulated

athletic trainers to practice for any period of time in their state. When California athletic trainers travel to these states with their teams or companies, they risk violating those state laws because they are not regulated in California.

SOLUTION

To effectively protect the public, the profession, and California employers, athletic trainers need to be licensed. AB 3110 establishes the Athletic Training Practice Act to license and regulate athletic trainers through a Committee under the California Occupational Therapy Board. The Committee will have powers similar to those of other licensing boards under the California Department of Consumer Affairs to promulgate regulations, approve training and educational programs, investigate applicants and issue licenses, and order disciplinary measures up to, and including, license suspension.

Regulating the profession of athletic training will:

- Increase safety by guaranteeing that athletic trainers are qualified to identify and treat injuries.
- Reduce liability by ensuring that employers are legally able to travel with their athletic trainers to other states in which it is illegal for unregulated athletic trainers to practice.
- Support public education by making sure that tax payer supported public education is no longer undermined by unprepared individuals calling themselves athletic trainers and taking jobs away from graduates of these programs.

REVISED APRIL 04, 2018

CALIFORNIA LEGISLATURE— 2017–2018 REGULAR SESSION

ASSEMBLY BILL

No. 3110

Introduced by Assembly Member Mullin

(Coauthors: Assembly Members ~~Berman and Calderon~~ *Berman, Calderon, Chau, Kalra, and McCarty*)

February 16, 2018

An act to amend, repeal, and add Sections 101 and 144 of, and to add and repeal Chapter 5.8 (commencing with Section 2697) of Division 2 of, the Business and Professions Code, relating to athletic trainers.

LEGISLATIVE COUNSEL'S DIGEST

AB 3110, as introduced, Mullin. Athletic trainers.

Existing law provides for the licensure and regulation of various professions and vocations, including those of an athlete agent. Existing law makes it a crime for a healing arts licensee to disseminate or cause to be disseminated any form of public communication containing a false, fraudulent, misleading, or deceptive statement, claim, or image for the purpose of or likely to induce, directly or indirectly, the rendering of professional services or furnishing of products in connection with the professional practice or business for which he or she is licensed.

This bill would enact the Athletic Training Practice Act, which would, after a determination is made that sufficient funds have been received to pay initial costs of this bill, provide for the licensure and regulation of athletic trainers, as defined. The bill would, after that determination, establish the Athletic Trainer Licensing Committee within the California Board of Occupational Therapy to implement these provisions, including issuing and renewing athletic training licenses and imposing disciplinary action. Under the bill, the committee would be comprised of 7 members, to be appointed to 4-year terms, except as specified. Commencing 6 months after the committee is established by this bill, the bill would prohibit a person from practicing as an athletic trainer or using certain titles without a license issued by the committee, except as specified. The bill would prohibit, except in specified cases for a specified period, a person from using the title "athletic trainer," unless the person is licensed by the committee or other conditions are met. The bill would specify the requirements for licensure,

including education, examination, and the payment of a license application fee established by the committee. The bill would define the practice of athletic training and prescribe direction requirements on athletic trainers.

The bill would also establish the Athletic Trainers' Fund for the deposit of license application and renewal fees, as specified, and would make those fees available to the committee for the purpose of implementing these provisions upon appropriation by the Legislature. The bill would authorize the Director of Consumer Affairs to seek and receive donations from the California Athletic Trainers Association or any other private person or entity for purposes of obtaining funds for the startup costs of implementing the act. The bill would require the director to determine that sufficient funds for that purpose have been obtained and to provide notice to the Legislature, the Governor, and on the department's Internet Web site of the determination, as specified. The bill would repeal these provisions on January 1, 2026. By changing the definition of a crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. The Legislature finds and declares the following:

(a) California is the only state that does not currently regulate the practice of athletic training. This lack of regulation creates the risk that individuals who have lost or are unable to obtain licensure in another state will come to California to practice, thereby putting the public in danger and degrading the standards of the profession as a whole.

(b) There is a pressing and immediate need to regulate the profession of athletic training in order to protect the public health, safety, and welfare. This need is particularly important because athletic trainers often work with school age children.

(c) There is also a pressing and immediate need to regulate the profession of athletic training because the absence of regulation puts California businesses, colleges, universities, and other organizations at risk of liability solely because of the unlicensed status of athletic trainers in the state.

2697.6. A license issued by the committee pursuant to Section 2697.4 or 2697.5 is valid for two years and thereafter is subject to the renewal requirements described in Sections 2697.7 and 2697.8.

2697.7. The committee shall establish license application and renewal fees in an amount sufficient to cover the reasonable regulatory costs of administering this chapter.

- (a) Pays the renewal fee as established by the committee.
- (b) Submits proof of both of the following:
 - (1) Satisfactory completion of continuing education, as determined by the committee.
 - (2) Has a current athletic training certification from a certification body approved by the committee, including, but not limited to, the Board of Certification, Inc., or its predecessors or successors.

- (6) Taking any other action as the committee, in its discretion, deems proper to protect the public health and safety.

(c) If a license is suspended, the holder may not practice as an athletic trainer during the term of suspension. Upon the expiration of the term of suspension, the license shall be reinstated and the holder entitled to resume practice under any remaining terms of the discipline, unless it is established to the satisfaction of the committee that the holder of the license practiced in this state during the term of suspension. In this event, the committee may, after a hearing on this issue alone, revoke the license.

(d) The committee shall retain jurisdiction to proceed with any investigation, action or disciplinary proceeding against a license, or to render a decision suspending or revoking a license, regardless of the expiration, lapse, or suspension of the license by operation of law, by order or decision of the committee or a court of law, or by the voluntary surrender of a license by the licensee.

2697.10. (a) A holder of a license that has been revoked, suspended, or placed on probation, may petition the committee for reinstatement or modification of a penalty, including reduction or termination of probation, after a period not less than the applicable following minimum period has elapsed from either the effective date of the decision ordering that disciplinary action, or, if the order of the committee or any portion of it was stayed, from the date the disciplinary action was actually implemented in its entirety. The minimum periods that shall elapse prior to a petition are as follows:

- (3) For modification of a penalty, reinstatement of a license revoked for mental or physical illness, or termination of probation scheduled for less than three years, at least one year.

(b) The committee may, in its discretion, specify in its disciplinary order a lesser period of time, provided that the period shall not be less than one year.

(c) The petition submitted shall contain any information required by the committee, which may include a current set of fingerprints accompanied by the fingerprinting fee.

(d) The committee shall give notice to the Attorney General of the filing of the petition. The petitioner and the Attorney General shall be given timely notice by letter of the time and place of the hearing on the petition, and an opportunity to present both oral and documentary evidence and argument to the committee. The petitioner shall at all times have the burden of proof to establish by clear and convincing evidence that he or she is entitled to the relief sought in the petition.

(e) The committee, itself, shall hear the petition and the administrative law judge shall prepare a written decision setting forth the reasons supporting the decision.

(f) The committee may grant or deny the petition, or may impose any terms and conditions that it reasonably deems appropriate as a condition of reinstatement or reduction of penalty.

(g) The committee shall refuse to consider a petition while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on court-imposed probation or parole or subject to an order of registration pursuant to Section 290 of the Penal Code.

CALIFORNIA LEGISLATURE— 2017–2018 REGULAR SESSION

ASSEMBLY BILL

No. 1510

Introduced by Assembly Member Dababneh

February 17, 2017

An act to add and repeal Chapter 5.8 (commencing with Section 2697) of Division 2 of the Business and Professions Code, relating to athletic trainers.

LEGISLATIVE COUNSEL'S DIGEST

AB 1510, as introduced, Dababneh. Athletic trainers.

Existing law provides for the regulation of various professions and vocations, including those of an athlete agent.

This bill would enact the Athletic Training Practice Act, which would, after a determination is made that sufficient funds have been received to pay initial costs of this bill, provide for the licensure and regulation of athletic trainers, as defined. The bill would, after that determination, establish the Athletic Trainer Licensing Committee within the California Board of Occupational Therapy to implement these provisions, including issuing and renewing athletic training licenses and imposing disciplinary action. Under the bill, the committee would be comprised of 7 members, to be appointed to 4-year terms, except as specified. Commencing 6 months after the committee is established by this bill, the bill would prohibit a person from practicing as an athletic trainer or using certain titles without a license issued by the committee, except as specified. The bill would prohibit, except in specified cases for a specified period, a person from using the title "athletic trainer," unless the person is licensed by the committee. The bill would specify the requirements for licensure, including education, examination, and the payment of a license application fee established by the committee. The bill would define the practice of athletic training and prescribe supervision requirements on athletic trainers.

The bill would also establish the Athletic Trainers' Fund for the deposit of license application and renewal fees, and would make those fees available to the committee for the purpose of implementing these provisions upon appropriation by the Legislature. The bill would authorize the Director of Consumer Affairs to seek and receive donations from the California Athletic Trainers Association for purposes of obtaining funds for the startup costs of implementing the act. The bill would require the director to determine that sufficient funds for that purpose have been obtained and to provide notice to the Legislature, the Governor, and on the department's Internet Web site of the determination, as specified. This bill would repeal these provisions on January 1, 2025.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. The Legislature finds and declares the following:

(a) California is one of only two states that does not currently regulate the practice of athletic training. This lack of regulation creates the risk that individuals who have lost or are unable to obtain licensure in another state will come to California to practice, thereby putting the public in danger and degrading the standards of the profession as a whole.

(b) There is a pressing and immediate need to regulate the profession of athletic training in order to protect the public health, safety, and welfare. This need is particularly important because athletic trainers often work with schoolage children.

(c) There is also a pressing and immediate need to regulate the profession of athletic training because the absence of regulation puts California businesses, colleges, universities, and other organizations at risk of liability solely because of the unlicensed status of athletic trainers in the state.

SEC. 2. Chapter 5.8 (commencing with Section 2697) is added to Division 2 of the Business and Professions Code, to read:

CHAPTER 5.8. Athletic Trainers
Article 1. Administration

3:00 pm – Board Meeting

1. Call to order, roll call and establishment of a quorum.

At 3:04 p.m. President Denise Miller called the meeting to order. Contact was established at each teleconference site. Roll was called; and a quorum was established.

2. Finding of Necessity for Special Meeting. (Gov. Code, § 11125.4(c).)

- ❖ Richard Bookwalter moved that the necessity for a special meeting is supported by the fact that providing the usual 10 day notice of a Board meeting would have posed a hardship on the Board, in that the Board would be deprived of the ability to discuss, deliberate, and take a position on Assembly Bill 1510, legislation that could substantially impact consumer protection and enforcement, before the legislature completes its review and action. The Board's next regularly scheduled meeting is not until June 1 and 2, 2017.
- ❖ Beata Morcos seconded the motion.

4. Review, discussion, and potential action and/or position related to Assembly Bill 1510 (Dababneh) relating to athletic trainers.

Executive Officer Heather Martin reported that due to time constraints the Ad Hoc committee did not have a quorum for the third and final Ad Hoc meeting thus the committee was unable to submit a formal recommendation to the Board regarding Assembly Bill (AB) 1510. AB 1510 proposes to establish the Athletic Trainer Licensing Committee within the California Board of Occupational Therapy (CBOT).

President Denise Miller gave an overview of the meeting handouts which included copies of AB 1510, Athletic Trainers Educational Competencies, 'highlights' from two CBOT Ad Hoc meetings that were held, a memo from the Board's Legal Counsel Ileana Butu, identifying issues for the Board to consider, and other materials pertinent to concerns regarding the scope of practice, licensure requirements, disciplinary language, clarification about staffing, and other matters pertaining to the administration and coordination of the Athletic Trainer Licensing Committee.

A discussion ensued amongst the Board following a careful review of AB 1510, including proposed changes to the language that would address consumer-protection concerns, cite specific authorities for the Committee to promulgate regulations, impose discipline, hire an Executive Officer and staff. The Board also made recommendations regarding adding language to make the Bill's language to make it consistent with other boards and committees under the umbrella of the Department of Consumer Affairs.

The Board thought the existing language regarding the scope of practice for an Athletic Trainer is overly broad. Specific concern was also raised regarding the 'silence' in the scope of practice about the use of physical agent modalities and the storage and administration and/or dispensation of medications. Consumer protection requires clarification on whether these activities fall within the athletic trainer scope of practice. After further discussion, the Board proposed changes outlined as follows:

- Pertaining to the scope, using a more appropriate reference to athletics, such as 'risk management and injury or illness prevention *in the course of performing athletics, in the practice for athletic events, or in the event of an athletic injury.*'
 - Pertaining to the scope, changing the language from 'rehabilitation and reconditioning from an injury or an illness sustained or exacerbated while participating in physical activity.' to read 'rehabilitation and reconditioning from an injury or an illness sustained or exacerbated during athletic activity or in the event of an athletic injury, or something similar.'
- ❖ Richard Bookwalter moved to accept the proposed legislative changes outlined in AB1510 with the addition of the changes outlined by the Board.
 - ❖ Sharon Pavlovich seconded the motion.

Executive Officer Heather Martin stated that she needed clarification on whether the Board wanted to submit a letter of support if amended or oppose unless amended.

- ❖ Richard Bookwalter moved to oppose unless amended.
- ❖ Beata Morcos seconded the motion.

Agenda Item 4 – AB 2386

The following are attached for your review:

- AB 2386 Fact Sheet.
- AB 2386 dated February 14, 2018.

AB 2386 (Rubio) Credentialing: Occupational Therapy & Physical Therapy

Bill Summary

AB 2386 would authorize the Commission on Teacher Credentialing (CTC) to establish a credential for occupational therapists, as well as physical therapists that are employed by school districts.

Existing Law

Under existing law, occupational therapists and physical therapists are one of the few remaining health care professions that work in the schools and are not credentialed under CTC. Due to absence of a preliminary credential, these healthcare professionals are ineligible for management, development or leadership positions within their school districts.

Background

Since the 1970s both occupational therapists (OTs) and physical therapists (PTs) have provided therapy services to students in public school settings. OT and PT services are mandated under the Individuals with Disabilities Education Act (IDEA-2004) and designed to help children develop, improve, and restore functional and academic skills in order to make progress in their educational environment.

Section 44210 of the Education Code authorizes the CTC as the governing body to grant credentials in the state of California. Examples of credentialed personnel are teachers, school psychologists, speech pathologists, etc. General requirements to obtain CTC credentials include: a) baccalaureate degree or higher; b) specialized and professional preparation; c) possession of a valid license, certificate, or registration; and d) mentored practical experience.

The requirements listed above are met in both physical therapist and occupational therapist accredited educational programs.

The CTC offers a wide variety of credentials to ensure high quality instruction, intervention, and opportunities are readily available to serve students, except for OTs and PTs. Under Ed Code provisions these two professions do not have an option to obtain a credential and have not been included in the

credentialing process. Furthermore, credentialing affords the professional status that is commensurate with the knowledge base and education of both OTs and PTs.

In order to pursue an administrative credential, educators need to have a prerequisite credential. Under current law, OTs and PTs do not have a prerequisite credential option thus limiting opportunities to assume leadership roles, which could benefit schoolwide student outcomes and individual student achievement in the classroom.

Details of the Bill

AB 2386 amends Section 44270 and adds Section 44268.2 of the Education Code to provide the CTC with the authority to establish a services credential for occupational therapists and physical therapists that work in public schools. In addition, this bill would allow for the following:

- The CTC is directed to determine the effective date of the credential, and provide not less than 5 years for an OT or PT to become credentialed.
- Allows for OTs and PTs with five or more years of work experience in their field, to be eligible to receive their teaching credential.
- Finally, this bill establishes certain minimal requirements for all OTs and PTs to be credentialed and authorizes the CTC to determine any additional specialized and professional preparation that is needed to be credentialed.

AB-2386 Teacher credentialing: services credential with a specialization in occupational therapy or physical therapy services. (2017-2018)

Date Published: 02/14/2018 09:00 PM

CALIFORNIA LEGISLATURE— 2017–2018 REGULAR SESSION

ASSEMBLY BILL

No. 2386

Introduced by Assembly Member Rubio

February 14, 2018

An act to amend Section 44270 of, and to add Section 44268.2 to, the Education Code, relating to teacher credentialing.

LEGISLATIVE COUNSEL'S DIGEST

AB 2386, as introduced, Rubio. Teacher credentialing: services credential with a specialization in occupational therapy or physical therapy services.

(1) Existing law requires the Commission on Teacher Credentialing to, among other things, establish professional standards, assessments, and examinations for entry and advancement in the education profession and to establish standards for the issuance and renewal of credentials, certificates, and permits. Existing law sets forth the minimum requirements for a services credential with a specialization in health and excludes services as an occupational therapist or physical therapist from the health services the holder of a services credential with a specialization in health is authorized to perform.

This bill would require the commission to develop a services credential with a specialization in occupational therapy or physical therapy services and would establish the minimum requirements for the credential, as provided. The bill would require the commission to determine the effective date of the credential and would authorize, on that date, any person with at least 5 years of experience providing occupational therapy or physical therapy services in a public school setting to apply for the credential if that person satisfies specified conditions.

(2) Existing law specifies the minimum requirements for the preliminary services credential with a specialization in administrative services, which include, among other requirements, possession of one of various types of credentials.

This bill would provide that possession of the services credential with a specialization in occupational therapy or physical therapy services satisfies that requirement.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: no
