

## The CALIFORNIA OT FIELDWORK COUNCIL (CAOTFC)

August 7, 2014

Correspondence to:  
California Board of Occupational Therapy  
2005 Evergreen Street, Suite 2250  
Sacramento, CA 95815

The California OT Fieldwork Council is calling for an action item to be discussed by the CBOT Board members. Upon review of the California Code of Regulations for CBOT, Article 7 Section 4161 the continuing competency (4) Supervising the fieldwork of level II OT and OTA students states: Currently, for each 60 hours of supervision, the practitioner receives .5 PDUs. Under this competency regulation, the Fieldwork Educator(FE) is awarded a total of 4 PDUs for 12 weeks of full time supervision.

Medicare has changed their requirements mandating that a FE may not be engaged in any other activity or treatment while their student is treating patients. NBCOT has recognized this requirement and has responded by allowing 1 unit per 1 week of supervision for Level II fieldwork; allowing for a maximum of 12 PDUs total. California Code of Regulations for CBOT Article 7, Section 4161 of Continuing Competency (2) allows for structured mentoring with an individual skilled in a particular area: For each 20 hours of being mentored, the practitioner receives three (3) PDUs. In addition, ACOTE standards for off-site supervision of a student in a site without an on-site occupational therapist, require a minimum of 8 hours of direct supervision of the student per week of fieldwork experience. Based on the structured mentoring formula of three (3) PDUs per 60 hours of mentorship, a fieldwork educator providing off-site supervision should receive (1.2) PDU per week!

Whether you apply the NBCOT, structured skilled mentoring, or off-site formulas to calculate PDUs for fieldwork supervision, a minimum of one (1) PDU per 40 hours of direct supervision is a reasonable award for all the time, effort, and expertise provided. The current (.5) per 60 hours of mentorship hardly makes it worthwhile for a practitioner to consider taking an OT fieldwork student! And, in fact, we are facing an ever increasing resistance from fieldwork sites

and individual practitioners to provide fieldwork supervision to our students, especially when facing productivity requirements of 90% or more in traditional medical model sites, which have been the core providers of fieldwork education for our students. Finally, why should a practitioner consider taking a student and receive four(4) PDUs for 12 weeks of active, engaged effort, when they can sign up for an all day educational seminar (often passive reception of information) and receive at least five (5) PDUs!!

We look forward to your response.

Sincerely,

The California OT Fieldwork Council

# Continuing Professional Competency - Occupational Therapy

## Introduction to Continuing Professional Competency for Occupational Therapists and Occupational Therapy Assistants

Pursuant to section 12-40.5-109.3, C.R.S., all active occupational therapists and occupational therapy assistants shall maintain continuing professional competency to practice occupational therapy. Occupational therapists and occupational therapy assistants must satisfy the requirements of the program in order to renew or reinstate a license to practice occupational therapy. The continuing professional competency requirements begin on January 1, 2015.

Continuing professional competency was created to help licensees assess their professional work, identify areas of growth and stay current with the profession. A detailed explanation of continuing professional competency can be accessed in the Continuing Competency Manual found below. Certificate holders can meet the continuing professional competency requirements by one of the following three methods:

1. Participation in the CPD Program; or
2. Qualifying for Deemed Status; or
3. Receiving a military exemption.

## Program Highlights

+  
How do I participate in the CPD Program?

Each renewal cycle (e.g., February 1, 2015 through December 31, 2016):

1. Complete the Reflective Self-Assessment Tool (RSAT) and create learning goals;
2. Create a Learning Plan according to the RSAT;
3. Accrue 24 hours of Professional Development Activities (PDA). No more than 12 hours will be credited for any one type of PDA per renewal period.

Click on the titles of the documents listed under "Resources" above to access the manual containing detailed instructions on meeting continuing professional competency requirements and to access forms including the RSAT, Learning Plan, and Categories for Professional Development Activities (PDA).

+  
How do I meet the requirements of continuing professional competency by qualifying for Deemed Status?

A licensee who qualifies to claim Deemed Status will satisfy the continuing professional competency requirements pursuant to section 12-43.7-107(2), C.R.S. The certificate holder shall meet the following criteria:

In order to renew a license, a licensee shall attest to his/her Deemed Status. It is incumbent on the certificate holder claiming Deemed Status to ensure that the continuing professional competency program in which the certificate holder participates is substantially equivalent to the Continuing Professional Development (CPD) program administered by the Director. It must contain the following elements during each renewal period:

- An assessment of knowledge and skills
- Completion of at least 10 contact hours of learning activities
- Demonstration of completion of continuing competency activities

A certificate holder in Deemed Status is subject to an audit of compliance. See the "Resources" section above to access the manual containing detailed instructions.

+  
How do I meet the requirements for a Military Exemption?

Pursuant to section 12-70-102, C.R.S., licensees who have been called to federally funded active duty for more than 120 days for the purpose of serving in a war, emergency or contingency may request an exemption from the continuing professional competency requirements for the renewal, reinstatement, or reactivation of his/her license for the 2-year renewal period that falls within the period of service or within six months following the completion of service.

1. Military exemptions must be approved by the Division of Professions and Occupations. Licensees seeking a military exemption shall submit a request in writing with evidence that the licensee's military service meets the criteria established in section 12-70-102, C.R.S.
2. After being granted a military exemption, in order to complete the renewal process, a licensee shall attest to his/her

military exemption.

+  
What are Professional Development Activities (PDA)?

- Professional Development Activities are learning activities undertaken to increase the license holder's knowledge and skill or hone existing knowledge and skill for the purpose of continuing professional development.

+  
What is the Reflective Self-Assessment Tool (RSAT)?

- A Reflective Self-Assessment Tool is a reflective practice tool in which a licensee can reflect upon his/her knowledge and skills pertaining to the foundational areas of occupational therapy, taking into account the licensee's current level and area of practice.

## Continuing Professional Development (CPD) Program Overview Occupational Therapists and Occupational Therapy Assistants

**REFLECTIVE SELF-ASSESSMENT TOOL (RSAT)  
 OCCUPATIONAL THERAPIST / OCCUPATIONAL THERAPY ASSISTANT**

Name			OT/OTA License #	Date
	Last	First		

This self-assessment tool is to guide Colorado licensed occupational therapists and occupational therapy assistants in creating learning goals. By identifying disciplines where professional development and growth will increase the knowledge and skill of the licensee in the OT profession, the licensee will be able to develop a *Learning Plan* in which to accomplish learning goals. This document is not subject to inspection by the public or discovery in connection with a civil action against an occupational therapist or an occupational therapy assistant. Space for drafting learning goals is provided toward the end of this assessment. The Goals Suggestion Table at the end of the assessment can be used to help determine learning goals, if desired. This form will not be retained by DORA. **Please retain a copy for your files.**

Respond to each section with an answer ranging from 1 to 5. Answers will indicate the strengths and weaknesses for each discipline as follows:

This form is to be used by OT/OTA's as a tool to develop, complete and document professional learning goals. State your learning goals based on the Reflective Self-Assessment Tool (RSAT) and develop your *Learning Plan* using the "Planned Start/End Date" fields. Twenty-four (24) professional development activities (PDA) per renewal period are required, and no more than 12 PDA will be credited for any one type of activity. Activities completed may differ from the original plan, but should still be relevant to established learning goals. The "Start/End Date" should reflect the first time and the last time the activity was done. This may encompass more than one occasion of participation in that particular activity. For example, if volunteer work was done on two separate days, the "Start Date" would reflect the first day of participation in volunteer work and the "End Date" would reflect the last day of participation in volunteer work. This form and supporting documentation is to be submitted only upon request.
