Subject: Executive Officer Report – Board Meeting October 18-19, 2017

Two part-time positions were recently filled; one in Licensing and one in Cashiering. Jody Quesada has transitioned from Enforcement unit to Licensing & Administration Unit. Among other administrative duties, she will help us actively track and monitor strategic plan deliverables better, post information on the Board’s Facebook and Twitter accounts, assist with other Board outreach, review/update the FAQs on the Board’s website, and coordinate preparation of Board/Committee meeting materials to ensure earlier delivery. Joby Starr, an Enforcement Analyst, has become the Board’s ‘SPOC’ (single point of contact) for the BreEZe project. Her complaint caseload has been reduced to allow her to spend more uninterrupted time on the BreEZe project and its numerous related activities.

Previously, revenue/expenditure information was made available from CALSTRS reports. However, we transitioned to the new Financial Information System for California (known as FI$Cal). FI$Cal is a consolidated budgeting, accounting, procurement, and cash management system that we moved to effective July 1st. FI$Cal has new reporting requirements, including requiring DCA to balance their books each month. The revenue/expenditure information for the Q1 (7/1-9/30) isn’t yet available; reports will be made available at the next meeting. A Fund Condition analysis is attached for review; it was developed using workload/revenue estimates submitted to DCA for the Board’s annual budget preparation.

Board staff will continue to use both platforms to share information; looking into establishing Board LinkedIn account.
c. BreEZe Update

Board staff continues to submit ‘tickets’ to make improvements and/or modifications to BreEZe on an as-needed basis.

_Breeze Release Dates_

1/10  Update verbiage on application re: application fee payment

3/7  TBD

5/9  TBD

d. Future agenda items.

The items shown below will be addressed at a future meeting:

1. Board staff to research what other states are doing and report to Board on and differentiation/limitation on earning of PDUs in-person vs online/technological means.

2. Make appointments to Education and Outreach Committee.

3. Make appointments to Practice Committee.

4. Practice Committee’s recommendation on records retention requirement for an occupational therapy business that closes or is sold or if the practitioner is no longer in private practice.

5. Review/update of Board Member Administrative Manual.

7. Make appointments to Ad Hoc Enforcement Committee; direct Committee to review and make recommended edits to the Board’s Disciplinary Guidelines (requires regulatory amendments).

e. Other Informational Items

Information on the Board’s committees are provided: organizational chart and explanation of the committees follows this report.

A copy of the letter sent to St. Catherine University in response to their letter to the Board is attached for review.

Per the Board’s request, staff drafted flowcharts depicting the complaint process overview, advanced practice application overview and the license application process overview.

To meet Strategic Plan objective 1.1 (Create and implement “Application Submittal Checklist” guidelines to clarify application requirements and encourage application completeness.) an Application for Initial License Checklist was also developed (objective 1.1.1.)

OTA Program Director

Dear Ms. Anderson,

Thank you for your recent letter providing a description and information relative to St. Catherine's online occupational therapy assistant education program. The Board had the opportunity to review and discuss the content of your letter at its August 18, 2017, meeting.

The Board asked that I respond on their behalf and express their appreciation in you providing clarification on your partnership with Genesis Healthcare; your mindfulness and reluctance to add to student tuition costs is also appreciated.

The Board's paramount mission is to protect the health, safety, and welfare of California consumers. It accomplishes this mission by ensuring applicants for licensure meet the requirements set forth in law and by investigating and enforcing the provisions of the Occupational Therapy Practice Act. Public participation at the Board’s meetings, subject to the Open Meeting Act, is always encouraged.

It appears that points or concerns in your letter appear to comingle and integrate comments made by the public, academics and fieldwork educators, and association representatives as those of the Board. In reading your letter it is clear that both of our organizations share a common goal or vision to promote or contribute to meeting future workforce needs, ensuring access to education, increasing diversity in the profession, and attracting students that traditionally have not been able to enroll in occupational therapy degree programs. All California consumers of occupational therapy services benefit from these goals.

Again, thank you for taking the time to write to the Board regarding this matter.

Sincerely,
